Electric Fuel Pump	Good Condition
Beacon Lights	Not Operational
Hydraulic Housing	Good Condition
Bracket	Damaged
Front Right Roller	Damaged
Left Hopper Flashing	Missing
Intake Screen	Good Condition
Comments	The EMS Panel has no warnings on it, I was able to confirm with the site. The operators at the site are not very acquainted with the pavers, he was doing as much as he could to operate. The front lights are not operational as well as the beacon lights. The front right roller and the bracket by the hopper is bent outwards. The front left of the hopper flashing has been pulled out of the holding bracket. There are gouges in the rubber on the right track. Both the right and left tracks are loose. The engine oil is dark in color.
